HONOLULU, JANUARY 21, 1805. Tun attention of the planting interest of the islands is again directed to the subject of selling sugars by conpart to the Sun Francisco Refineries, which have authorized Col. Z. S. Speniding to enter into ongagements for the entire super cop of 1574. The terms on which the contracts are to be based are clearly set furth in a circular, which has been sored and sent to every planter or sugar agent. According San Francisco. to this circular, four and a built (4)4) cents per pound will be paid in Busilein or few (5) cants in San Francisco for the sugar, if not over No. 30 in color and not less than 60° of sacstandard, as determined by p incisation to be paid that the 30th inst., is the last day of grace. by drafts at five days sight. The offer is somewhat similar to at of the Refinerter made several years, ago, but varies in its details. It care the reciprocity treaty becomes a law, the Sydney and Anckland at So'clock on Thursday planters are to be credited with two-thirds of the shallshed | morning of next week, to leave six hours after arlatics and the reflacely with one third. Slad our planters continued to this time | aerturn utracts known as the "Fouretell contracts," there is not one plantation in this group which would not now have from deld, or placed on a prosperous and ladependent tame. So far as we can see, the offer now made is a arm into the water, striking the side of the ship in fair our for both parties. The question is not what the sugar reduction can offerd to pay, nor what the planters ought to size for their sugar; but it is simply, what they can get for them? With one or two exceptions, there is not a planta time been, which has netted four contraspound for its sugars during 1872 and '14. The present ofer guarantees then \$4.74 per 100 pounds, cash in hand, for all they can make. (\$4.10) the circular makes it, but deducting a credit of 5 per cent, made in the statement for interest on cash sales, it i more properly \$4.74.) We desire the prosperity of our sugar set; and nothing will tend so much to establish it as sh sales by contract, which at once abolishes all of the charges now submitted to, with so much variation and so

THE GRAND BALL given at the Hawaiian Hotel last Thursday evening by the Officers of H. B. M.'s war steamers Reindeer and Tenedos, and the Transit of Venus Expedition, proved a most splendid affair. The large dining hall of the hotel, which has on several occasions been filled with brilliant assemblages was never filled with a more splendid array of beauty and chivalry than on this. The room had been prepared specially for the event, and was tastlly decorated with ferns and flowers. At Intervals upon the walls were groups of three swords, the handles twined with flowers. Long wreaths of ferms extended from each corner of the ceiling to the centre, where hung a floral decoration which was quite original in design, and we believe displayed the taste of some of the Hotel ladies, who lent their assistance in making it. The foundation of this unique ornament consisted of ram-rods, but so completely covered with brilliant flowers and leaves, as to resemble at first glance, a large Japanese lan tern. The Royal Hawaiian Band from the versudah and the Macanlay Band from the corner of the ball room supplied music for the dancing, which was fered, because the counsel did not understand his kept up with a good deal of spirit notwithstanding the warm evening. At half past nine the assembly rose to their feet as His Royal Highness the Prince

Regent Leleiobokn accompanied by His Excellenc W. L. Mochonus, the Hon. A. S. Cleghorn and lady, and his staff, entered the room, and was received by the Captains and Officers of the war ships and the Transit of Venus Expediton, under whose here on the part of the former counsel that there suspices the entertainment was given; after which the dancing recommenced. Noticeable among the guests present were Her Britannic Majesty's Commissioner and Consul, Major Wodehouse and Isdy, Mons, and Madame Ballieu, His Excellency W. L. Green and lady, Hon. J. Scott, United States Con ing his instructions, or during the progress of the sul, Theo. B. Davies, Esq., British Vice Consul, and others of the Consular Corps. It is seldom that the ladies have displayed more taste in their toilets, than on this occasion : some of them were especially elegant. As the company entered the supper-room at a late hour, they were met by a brilliant scene. The tables, arranged in the parior and on the verandab of the Hotel, presented a very taxiful appearance. Beside the profuse floral ornaments, the supper was elaborately gotten up, and was found to be good to the taste of the mouth as well as eye. This part of the entertainment reflected great credit to the caterer, Mr. Goleman of H. M. S. Tenedos.

DR. J. COLLIS BROWNE'S

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE. THE PUBLIC ARE CAUTIONED AGAINST THE PUBLIC ARE CAUTIONED AGAINST the unfounded statements frequently made, "that the composition of CHLORODYRE is known to Chemists and the Medical profession." The fact is. Chiprodyne was discovered and invented by Dr. J. COLLIS BROWNE (ex Army Medical Staff), and so named by him, and it has builted all attempts at analysis by the first Chemists of the day. The method and secret of the preparation have never been published. It is obvious, therefore, that anything sold under the name, save Dr. J. COLLIS EROWNE'S CHLORODYNE, is a spurious mitation.

GAUTION—Vice-Chamceller Sir W. P. Woodstated that Dr. Collis Browne was undoubtedly the inventor that Dr. Collis Browne was undoubtedly the inventor

of Chiorodyne.
REMEDIAL USES AND ACTION. This invaluable remarky predicts quiet, refreshing steep, relieves pain, calms the system, restores the deranged functions, and atimulates healthy setton of the secretions of the body, without creating any of these anglesses results attending the use of opins. Old and young may take it at all hours and times when requisite. Thousands of persons feetify to its marvellong good effects and wonderful curse, while medical men entol its virtues ment actemizely, using it in great quantities in the following diseases;—Choisea, Dysentery, Diarrhoxa, Colica, Cougha, Asthum, Rheumation, Neuragia, Whosping Cough, Cramp Hysteria, &c.

EXTRACTS FROM MINDICAL OPINIONS.

The Right-Hon. Earl Russell communicated to the College

The Right Hou. Earl Russell communicated to the College of Physicians, and J. T. Davenport, that he had received information to the effect that the dear remedy of any service in Cholera was CHLORODYNE.—See Lancel Dec. 21, 1564.

Dr. Lows, Medical Missionary in India, reports (Dec. 1563) that in userly every case of Cholera in which Dr. J. OOLALS ROWNE'S CHLORODYNE was administered, the patient

ROWAE'S thronous research processed.

Extract from Medical Fisses, Jan 12, 1800.—"Ghlorolyne is prescribed by scores of orthodox medical practitioners. Of cutres it would not thus be singularly popular did it not supply a want and fill a place."

Extract from the General Board of Health, London, as to its officially Cholora.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly args the necessity of adopting it in all cause."

CAUTION.—Some genuine without the words "Dr. J. COLLIS BROWNE" on the Government Stamp, Overwhelm-Sold in Now York, W. H. Schuspfein & Co. and J. Co.
